

QUALITY POLICY

This document provides a brief statement that aligns with Envams' purpose, mission, and strategic direction, which are set out in "Envams' Policies".

It provides a framework for quality objectives and includes a commitment to meet applicable requirements (ISO 9001, customer and staff) as well as to continually improve.

QUALITY POLICY STATEMENT

Envams provides environmental assessment and management services to renewable energy developers on UK projects. Envams' aim is to deliver high quality services, assisting in achieving consents with objective advice.

It is the policy of Envams to provide the customer with the agreed services and advice in accordance with relevant standards as well as the agreed terms and price.

The directors, management and staff are responsible for Quality Control through the Quality Management System, seeking improvement by constant review, with suppliers and sub-contractors being encouraged to co-operate. Envams is committed to achieving customer satisfaction by the use of quality procedures which will be operated to meet or exceed the requirements of ISO 9001.
